

DC970 - Professional Master of Education (Primary)

Points - Scoring System

The basic requirement for entry is an eligible level 8 primary degree (minimum H2.2) on the National Framework of Qualifications (NFQ) or its equivalent, as defined [here](#). Those who have not yet completed their degree at the time of applying are evaluated on the examination results of the most recently completed academic year (**not ERASMUS or equivalent**).

In the case of degree courses assessed by Grade Point Average (GPA), the most recent cumulative grade point average figure will be the relevant one.

Applicants can be made a conditional offer on them being successful in their final degree examination. Applicants who hold an eligible primary degree at the time of application are evaluated on their level 8 degree results. Points will be awarded based on;

1. Performance in an eligible level 8 primary degree and
2. TEG Results
3. Additional relevant academic qualifications if any
4. Relevant Professional / Volunteer experience if any

Points for Academic Performances

Points are based on the overall percentage mark obtained in the appropriate examination as confirmed by the applicant's university or awarding body, or as determined by DCU Admissions based on information received. In the case of awards other than NUI awards, equivalences will be calculated.

If you are a final year applicant and you have not received your final year results, please enter your percentage marks based on your most recently completed academic year (**not ERASMUS or equivalent**) in the PMEP Additional Questionnaire. Please see example below on how to calculate your percentage marks.

DCU Admissions reserves the right to make such determinations, judgements, and calculations which it feels appropriate, based on the information in its possession, in assigning points to academic performance results, additional qualifications and professional experience.

Note: In DCU, overall percentage marks are not provided on Transcripts. To calculate your overall percentage mark, please apply the following calculation: Multiply the mark awarded for each module by the corresponding ECTS credits to determine a weighted value. Total the weighed values together and divide by the total number of credits for that academic year.

Please refer to the example below for clarification:

Module	Mark Awarded	ECTS	Credits	Weighted Value
ESXXX	55	5	275	
ESXXX	46	5	230	
ESXXX	53	5	265	
ESXXX	64	5	320	
ESXXX	45	10	450	
ESXXX	53	5	265	
ESXXX	46	5	230	
ESXXX	57	5	285	
ESXXX	60	10	600	
ESXXX	60	5	300	
Total		60	3220	

Divide the total weighted value (3220) by the total ECTS credits (60) = Overall percentage mark of 53.6.

Sample Calculations based on the above points table.

1. Student A received 63% in subject X and 52% in subject Y. Both subjects were in an eligible level 8 degree for which an honours award is available. Student A's overall percentage mark is $(63 + 52) \div 2 = 57.50\%$ which is equivalent to 40 points.
2. Student B received 63% in subject X and 52% in subject Y. Both subjects were in an eligible level 8 degree for which an honours award is NOT available. Student B's overall percentage mark is $(63 + 52) \div 2 = 57.50\%$ which is equivalent to 34 points.
3. Student C has taken a two-subject eligible level 8 degree, one subject 'T' for which honours is available and the second subject 'U' for which honours is not available. Student C received 58% in the honours subject 'T' and 54% in pass subject 'U'. To calculate an overall points score for Student C, the 58% honours component is converted to the equivalent in points (i.e. 41 pts). Then the 54% pass component is converted to the equivalent in points (i.e. 33 pts). Both points values are then added and divided by 2 to attain an average points score (i.e. $41\text{pts} + 33\text{pts} = 74 \text{ pts} / 2 = 37 \text{ points}$).
4. Student D has taken an honours level 8 degree programme made up of a number of modules/courses. Student D's overall percentage mark is 64.32%, which is equivalent to 44 points.
5. Student E has taken a pass level 8 degree programme made up of a number of modules/courses. Student E's overall percentage mark is 64.32%, which is equivalent to 38 points.

Note:

- This sample does NOT apply to the Single Honours Level 8 Degree from University College Cork (1989 - 1999).
- In those cases where information is made available concerning honours/pass designation at modular level, weighted average points scores will be calculated.

Qualifications which form a subsidiary part of a higher qualification are not awarded points and level 7 as part of a level 8 award e.g., a National Diploma as part of a Degree Programme.

All qualifications being submitted for assessment purposes must be awarded prior to 01st December 2024 and have certified transcripts provided with the application.

Points for Relevant Professional Experience

- Up to five points may be awarded in recognition of full-time paid employment which is deemed relevant, and which can be verified. Points will normally be awarded based on one point for year of relevant experience, up to the maximum of five points.
- Up to two additional points may be awarded in recognition of part-time paid employment which is deemed relevant, and which can be verified. Points will normally be awarded based on one point for year of relevant experience, up to the maximum of two points.

Points for Relevant Volunteer Experience

- Up to two points may be awarded for voluntary experience with young people in an organisational context which is deemed relevant, and which can be verified. Points will normally be awarded based on ½ point for year of relevant experience, up to the maximum of two points.

Applicants for the PMEP may have professional / volunteer experience related to teaching or professional experience in working with young people. In recognition of the value of these experiences, some additional points can be

awarded. **However, to ensure verifiability, points can only be awarded for paid employment / volunteering which can be verified through appropriate documentation.** To claim additional points, you will need to provide a letter from your employer showing the start and end dates, the salary (where applicable), and the description of the role, and you should be prepared to provide tax records to support this if required.

Points are only awarded for professional and volunteer experience which is deemed relevant. The three main categories of professional / volunteer experience which are considered relevant are;

- (a) experience of professional work (normally at graduate level) related to teaching, and
- (b) experience of working with young people in a role sufficiently related to teaching. In each case the experience must be over a sustained period and must be of a sufficiently high level to merit the allocation of additional points.
- (c) experience of volunteering with young people weekly in an organisational context.

Points are awarded in three categories:

- Full-time paid professional experience. If the experience is deemed relevant, one point is awarded per year of employment, up to a maximum of 5 points.
- Part-time paid professional experience. If the experience is deemed relevant, one point is awarded per year of employment, up to a maximum of 2 points.
- Volunteer experience. If the experience is deemed relevant, ½ point is awarded per year of volunteering, up to a maximum of 2 points.

Students may make a claim for points in either or both categories and may be awarded up to a maximum of 9 points in total.

Please note that:

1. Points cannot be awarded where the information provided is ambiguous or incomplete.
2. Points awarded for professional / volunteering experience are entirely at the discretion of the DCU Admissions team.
3. **Points are not awarded for teaching in a primary school while unqualified.**
